

**CENTRAL INTELLIGENCE AGENCY**

**OFFICE OF THE DIRECTOR**

18 August 1982

NOTE FOR: Acting DCI *h w*

John:

-- Vision of dart guns and  
cobra poison!

This is something I think we  
should stay away from.

Suggest: (1) I touch base with  
S&T, OS and DO to determine if we  
have any knowledge/comment, etc.  
(2) I then call [redacted], pass  
on any appropriate comment, explain  
this really not our business and  
ask if she would please thank Dr.  
[redacted] and suggest that DoD, Secret  
Service, FBI and perhaps others may  
well be interested.

[redacted]  
Executive Secretary

NSC review completed.
